Regulated information

Monthly statement regarding the total number of shares and voting rights composing the registered capital (on 31 August 2014)

In accordance with the article L.233-8 II of the French Commercial Code and with the article 222-12-5 of the French Financial Market Authority (AMF) General Rule.

Toulouse, 10 September 2014

Total number of shares composing the registered capital: 1,427,800

Total number of voting rights:

Gross (1) : 1,857,541

Net (2) : 1,851,999

(1) In conformity with the last paragraph of the article 222-12 of the AMF General Rule, the gross total number of voting rights is calculated on the basis of the whole shares composing the registered capital.

(2) The net total number of voting rights is calculated on the basis of the whole shares composing the registered capital after deduction of the shares without voting right (in particular treasury shares).

The following threshold crossing statutory obligation is added to the legal thresholds: Any natural person or legal entity, acting alone or jointly, who would hold, directly or indirectly, through one or several legal entities he controls according to the article L.233-3 of the French Commercial Code, a number of shares or voting rights representing two (2) percent of the capital or of the company voting rights or any multiple of this percentage and even if this percentage is superior to the 5% legal threshold, will have to notify to the company by registered letter sent to the head office the total number of shares or voting rights he holds within 15 days beginning from the day one the threshold is exceeded.

ABOUT THE IGE+XAO GROUP

For over 28 years, the IGE+XAO Group has been a software publisher designing, producing, selling and ensuring the maintenance of a range of Computer Aided Design (CAD) and Product Lifecycle Management (PLM) software. These software products have been designed to help manufacturers in the design and maintenance of the electrical part of any type of installation. This type of CAD/PLM is called "Electrical CAD/PLM". IGE+XAO has built a range of Electrical CAD/PLM software designed for all the manufacturers. IGE+XAO employs 388 people around the world on 30 sites and in 18 countries, and has 80,800 licences.
