Explore our online equipment catalogue, **SEE Web Catalogue**

more than 700,000 equipment codes

900 manufacturers

10,000 specific equipment symbols

One of the most complete online catalogues in the market, it offers more than 700,000 references provided by more than 900 manufacturers. With more than 10,000 specific equipment symbols, the online SEE Web Catalogue is constantly growing.

The IGE+XAO equipment catalogue is available as a subscription service called "SEE Web Catalogue". All All SEE Electrical or SEE Electrical Expert users with a current maintenance contract can subscribe for unlimited downloads. Most equipment records provide detailed technical information including dimensions, schematic symbol references and a growing number of 3D symbols to let you quickly complete your projects. The web service offers advanced searching and filtering options to quickly locate your required equipment by catalogue number, description, series, manufacturer or specific characteristics.

This service is available to customers with a current maintenance contract.

For more informations on **SEE Web Catalogue**,
contact our sales department.
